3-5 INDIVIDUAL DIGITAL IMAGES PER ATHLETE

1 TEAM DIGITAL IMAGE

BUDDY POSES + COACH/PLAYER POSES INCLUDED IF TIME ALLOWS

PAYMENT IS DUE ON THE DAY OF THE SESSION (cash or check preferred; add 3.5% for credit/debit)

HOW IT WORKS:

Each athlete is photographed individually, 6 poses per athlete at my studio in Bartonville. The first pose is a traditional pose that will be used to create the team composite image; the next 5 poses are fun, creative poses selected by the athlete. I will provide props for use if the players want them (chain, tiara, broken bat, American flag, sledgehammer, cowboy hat, sunglasses, eye black, rhinestone softball, etc.) Athletes are encouraged to bring any props they want to include in their pictures. I will edit using colored smoke and fire edits and neon lighting at my discretion. Each player will receive 3-5 individual digital images of their athlete (selected by the Photographer), along with a digital image of the entire team. If time allows, buddy poses and coach/player poses will be taken and included at no additional cost.

TEAM BANNER (ADD ON ONLY):

\$99 - 3X6 FOOT TEAM/SPONSOR BANNER

Includes design setup, tax, and shipping.

PLAYER BANNER (ADD ON ONLY):

\$35 - 24X30 INCHES INDIVIDUAL PLAYER BANNER

After receipt of the images, IF THE TEAM ORDERS A TEAM BANNER, parents will have a limited time to place an order for a custom, individual banner using any of their player's final images. This individual banner ships WITH the team banner to the coach or parent contact person.

*All digital images include a Release allowing you to print and/or share on social media and/or use them online or in print for game day promotions, as well as for personal use for each athlete, for graduation announcements, prints, etc.

ALL PRICES INCLUDE TAX + SHIPPING

FAQ

- *Is this a lot of work and time for the coach or team parent to organize?*

Definitely NOT. You signed on to coach these kids, not organize picture day. Once you've selected the date and time for your media day session I take over. You provide me with a roster and parent emails, and do all the rest. I contact each parent and provide them with ALL the information they will need, from where to park, what time to arrive, how long it takes, and what to bring with on picture day. I also send them a 25+ page Posing Guide to help their youth athlete in selecting his or her favorite poses.

- *How long does picture day take?*

Individual teams are scheduled for 75 minutes, with each individual athlete being photographed in approximately 5-6 minutes

- *Can we choose our own poses?*

Absolutely. While I provide a posing guide with over 50 creative posing suggestions, I also encourage personality and confidence.

- *Can players bring their own props?*

Yes, please! While I have lots of props available for the athletes to borrow, I encourage each player to bring along props that are meaningful to them.

- *Do you photograph other sports?*

I do! I offer media day sessions for baseball, softball, JFL football, soccer, and basketball. Contact me for pricing and/or availability.

- *What age groups do you photograph?*

I photograph mainly youth athletes in grades K-8th, but high school athletes are certainly welcome.

- *Will you travel to our field or practice facility?*

Definitely! I can travel to your field, gym, or other practice facility in Central Illinois.

- *Do you photograph rec teams?*

Yes, I photograph both travel and rec teams in Central Illinois.

- *What if a player isn't available on picture day?*

I get it, families are BUSY! If you have a player who isn't available on your team's scheduled picture day, I can schedule a make-up day for him/her to stop into my studio for pictures on a different date. Since the team picture is composited from the individual pictures, your athlete will still get 5 digital images, AND be included in the team picture.

- *Where is your studio located?*

My studio is located in Bartonville, Illinois, just minutes from Peoria, Pekin, Tremont, Glasford, East Peoria, Canton, Farmington, Metamora, Washington, Canton, Illinois. Shooting in my studio gives every team a consistent, professional look regardless of the weather.
